Mentor Mentee Cell

Mentor's Report (2023-2024)

Class- B. A. I Semester I and B. A. II Semester III

Name of the Mentor (Teacher): Dr. Sanjay D. Patil

Designation: - Assistant Professor and Head

Number of mentees allotted - 51

#### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 51 mentees of B.A.I and B. A. II in the academic year 2023-2024. As per the policy of the Cell the mentees were guided during the interactions throughout the academic year.

Some students were contacted telephonically and some were interacted on campus throughout the year and guided for their academic progress. The meetings with the students were carried out in the academic year and discussed the overall development and academic progress. They were also guided in groups during their free time after the teaching schedule. They were given some sample question papers and ready-made notes to make them feel comfortable in facing the theory examination.

This system really has proven very helpful to understand the actual difficulties of the students. They were informed about many of the facilities and support services available in the college.

During my interactions with the mentees allotted to me, through telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out. The issues were as follows-

| Sr. No. | Issues Raised                                                                            | Issues Resolved                                                                                                                                                |
|---------|------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1)      | Provision of additional notes, study material and copies of previous examination papers. | The students were provided additional notes, study material and copies of previous examination papers for B.A. I and sample test papers for B. A. II students. |
| 2)      | Presentation Skills.                                                                     | Students were provided with guidance in terms of effective presentation skills. They were also given opportunity to present various topics before the class.   |

## Mentor- Mentee Scheme

### Report 2023-24 (Odd Semester)

Mentoring students through Mentor Mentee scheme is an important mechanism with respect to holistic development of students. This scheme supports students to boost their confidence, hone their understanding towards chemistry subject and facilitate students to mark their progress in academic. Mentoring students established good rapport between teacher and students and bring them in to healthier learning domain.

Total 14 students are assigned to me by Mentor Mentee committee of B. Sc. I year (PCM) as mentees. The registered students are registered through the registration form gathering their academic and personal information.

First Meeting with mentees was conducted on 1<sup>st</sup> September 2023 at department of chemistry. In this meeting mentees are made aware about the scheme and its importance. Following issues are discussed and addressed at personal level and directed towards the committee for necessary action.

#### 1. Difficulty in understanding subject-

Students were facing difficulty in understanding and remembering subject.

- Students at first are advised to join Foundation Courses like Foundation course in chemistry designed for B. Sc. I Chemistry students to bridge gap and to laid down strong foundation of basic chemistry.
- Advised students to contact their respective teachers for their difficulties related to respective subjects.
- Advised students to demand assignments, class test and their evaluation.
- Regularly monitored their understanding and progress by asking questions and engaging them in discussion in theory and practical sessions chemistry subject and opted their response in the other respective subjects through discussion with respective teachers.

#### 2. Regularity and punctuality-

- Mentees are made aware about the importance of regular attendance for the theory and practical sessions in their progress in academics and laboratory skills and encouraged them to attend all sessions.

#### 3. Transportation facility-

- Maximum number of mentees belongs to nearby rural areas and facing the problems of timing of government bus transportation on this issue they are informed to contact to chief of Agar Dhamangaon rly.

#### 4. Financial crisis-

- Financially weaker students those are facing difficulties in paying fees and maintaining transportation expenses are recommended to financial assistance through Social Responsibility Cell.

Number of mentees allotted: 53

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 53 mentees of the 2<sup>nd</sup> Session academic year 2023-2024. According to the policy of the Cell the mentees were guided during the interaction throughout academic year.

Some student were contacted telephonically, interacted on campus throughout the year and guided for their academic progress, personality development progress for the competitive examinations. The meetings with the students were carried out in the year for the overall development of student and academic progress. They were also guided in groups during their free time after the teaching schedule. They were given some sample question papers and readymade notes, reference books to make them feel comfortable in facing the theory examination.

I also discussed with students on curricular and extracurricular activities, counseling on various girls and boys' issues with them. During the discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

#### Session II (Sem IV)

| Sr. No. | Issues Raised                                                 | Issues Resolved                                                                                                                                              |
|---------|---------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1)      | Student demanded Previous Question Papers of                  | Question Papers of the previous Examination were provided by the Department.                                                                                 |
| 2)      | Lack of conversation and Irregularities in writing practices. | Provided guidance on how to face exam and formal conversation and how to plan studies with writing practice. Conduced descriptive exam for writing practice. |

**Mentor- Mentee Scheme**

**Report 2023-24 (Odd Semester)**

Mentoring students through Mentor Mentee scheme is an important mechanism with respect to holistic development of students: This scheme supports students to boost their confidence, hone their understanding towards chemistry subject and facilitate students to mark their progress in academic. Mentoring students established good rapport between teacher and students and bring them in to healthier learning domain.

Total 17 students from B. Sc. II year (PCM) and B. Sc. III year (PCM) are assigned to me by Mentor Mentee committee as mentees. The registered students are registered through the registration form gathering their academic and personal information.

First Meeting with mentees was conducted on 15<sup>th</sup> September 2023 at department of chemistry. In this meeting mentees are made aware about the scheme and its importance. Following issues are discussed and addressed at personal level and directed towards the committee for necessary action.

**1. Difficulty in understanding subject-**

Students were facing difficulty in understanding and remembering subject.

- Advised students to contact their respective teachers for their difficulties related to respective subjects.
- Advised students to demand assignments, class test and their evaluation.
- Regularly monitored their understanding and progress by asking questions and engaging them in discussion in theory and practical session's chemistry subject and opted their response in the other respective subjects through discussion with respective teachers.

**2. Regularity and punctuality-**

- Mentees are made aware about the importance of regular attendance for the theory and practical sessions in their progress in academics and laboratory skills and encouraged them to attend all sessions.

**3. Transportation facility-**

- Maximum number of mentees belongs to nearby rural areas and facing the problems of timing of government bus transportation on this issue they are informed to contact to chief of Agar Dhamangaon Rly.

**4. Financial crisis-**

- Financially weaker students those are facing difficulties in paying fees and maintaining transportation expenses are recommended to financial assistance through Social Responsibility Cell.

| Sr. No. | Issues Raised                                        | Issues Resolved                                              |
|---------|------------------------------------------------------|--------------------------------------------------------------|
| 1)      | Irregularities in writing practices in theory exams. | Arranged descriptive test examination for writing practices. |

  
Dr F. C. Pathan

Name of mentor : Dr. Harshal P. Mungse  
Designation : Assistant professor, Department of chemistry  
Number of Mentee Allotted : 19, B.Sc. III (Sem. – VI)

The mentor mentee cell of the college has allotted me 19 students in the academic session 2023-2024. The meeting for the second term under the mentor-mentee scheme was held on 11/03/2024. In this meeting total 19 students were remained present. They were advised to discuss their problems like financial, teaching, learning and other. Because of mentor-mentee scheme, students can discuss their problem freely and help to strengthen the bond between mentor and mentee. Also, they were guided in groups during their free time. The suggestions and problems raised by the students were discussed and actions are taken to resolve their problems.

After discussion with students actions are taken to resolve their problems.

| Sr. No. | Issues Raised                       | Issues Resolved                                                                                                                                 |
|---------|-------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.      | Financial problem for some students | This problem discussed with social responsibility cell and they solved this issue.                                                              |
| 2.      | About practical                     | Theory was discussed before conducting practical and then demonstration was given. Also, quick revision was taken before practical examination. |

**MENTOR MENTEE SCHEME**

**Mentor's Report (First Term): 2023 -2024**

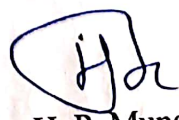

Name of mentor : Dr. Harshal P. Mungse  
Designation : Assistant professor, Department of chemistry  
Number of Mentee Allotted : 19, B.Sc. III (Sem. – V)

The mentor mentee cell of the college has allotted me 19 students in the academic session 2023-2024, throughout the session mentees were guided by the mentor after the teaching schedule; they were encouraged to participate in various competitions. Furthermore, they were also informed about the services and support facilities available in the institution. The meeting for the first term under the mentor-mentee scheme was held on 09/10/2023. In this meeting total 15 students were remain present. During the meetings, the academic and other problems of the students were identified. The suggestions and problems raised by the students were discussed and actions are taken to resolve their problems.

Mentor also discussed on curricular and extracurricular activities. In this meeting, active interaction had taken place between mentor and mentee and following issues were raised by few of the students.

| Sr. No. | Issues Raised                              | Issues Resolved                                                         |
|---------|--------------------------------------------|-------------------------------------------------------------------------|
| 1.      | Difficulty in organic chemistry            | Revised basic concept of organic chemistry and then conducted unit test |
| 2.      | Provision of study materials               | Provided study materials                                                |
| 3.      | Demand of MCQ based questions for practice | Practice test on MCQ based questions were conducted                     |

Action Taken Report on Mentor Mentee Scheme for B. Sc. Part III Sem VI (MCB Group)

Academic Session 2023-24 (ODD SEM)

Date: 22.04.2024

**Actions Taken:**

**1. Introduction to the Mentor Mentee Scheme:**

- Distributed informational materials regarding the Mentor Mentee Scheme to all participants.
- Created a dedicated section on the college website to provide ongoing information and resources about the scheme.
- Scheduled follow-up sessions to ensure understanding and address any further questions or concerns.

**2. Responsibilities and Expectations of Mentors and Mentees:**

- Developed a detailed mentorship handbook (Daily Diary) outlining the roles and responsibilities of mentors and mentees.
- Conducted discussion sessions for mentors to equip them with effective mentoring strategies and communication skills.
- Facilitated mentor-mentee matching process based on shared interests and goals.

**3. Discussion on Academic and Personal Development Goals:**

- Established a structured framework for setting academic and personal development goals, incorporating feedback from participants.
- Implemented regular progress review meetings between mentors and mentees to track goal achievement and provide necessary support.
- Organized discussion sessions focusing on goal-setting techniques and personal growth strategies.

**4. Clarifications and Questions:**

- Compiled a comprehensive FAQ document addressing common queries and concerns raised during the meeting.
- Established a dedicated communication channel (e.g., Whats App Group) for participants to submit further questions and receive timely responses.

**Next Steps:**

- Monitor the implementation of the actions taken and evaluate their effectiveness in achieving the objectives of the Mentor Mentee Scheme.
- Solicit feedback from participants through surveys or focus group discussions to identify areas for improvement and refinement.

**Action Taken Report on Mentor Mentee Scheme for B. Sc. Part III Sem VI (MCB Group)**

**Academic Session 2023-24 (EVEN SEM)**

Date: 22.04.2024

**Actions Taken:**

**1. Teaching-Learning Related Issues:**

- Established a dedicated feedback mechanism for students to voice their concerns and suggestions regarding teaching-learning experiences.
- Implemented regular faculty training sessions focusing on innovative teaching methods, student engagement strategies, and addressing diverse learning needs.
- Instituted peer mentoring programs to promote collaborative learning and peer-to-peer support among students.

**2. Discussion on Academic and Personal Development Goals:**

- Established a structured framework for setting academic and personal development goals, incorporating feedback from participants.
- Implemented regular progress review meetings between mentors and mentees to track goal achievement and provide necessary support.
- Organized discussion sessions focusing on goal-setting techniques and personal growth strategies.

**3. Family Related Issues, Especially Economic Problems Faced by Students:**

- Discussed with college Social Responsibility Cell and community resources to provide financial assistance, scholarships, and other support services to students facing economic hardships.
- Conducted needs assessments to identify students requiring additional support and tailored interventions accordingly.
- Implemented initiatives to raise awareness about available financial aid options, budgeting skills, and financial literacy among students and their families.

**Next Steps:**

- Monitor the implementation of actions taken and assess their effectiveness in addressing the identified issues and achieving the goals of the Mentor Mentee Scheme.
- Conduct regular evaluations and feedback sessions to gather input from participants and stakeholders for continuous improvement and refinement.

**Date of meeting held in Winter semester 17/08/2023**

This programme for student improvement is really appreciating; first of all, we collected detail information about students via forms, through which we are able to get the proper information about the student. This information is required to every teacher for efficient teaching and guiding them, like Parents education and occupation, marks of students in their previous exams. Opinions of students and parents for our improvement in teaching, teaching aids and other facilities. From these student's information we try to improve their personalities individually and planned for our improvement, and carried out various activities like, meeting with students for Direct communication and free interaction, etc

All these activities helped us to know their niche which has to be improved

Opinion of student in meeting - They requested us for new microscopes, spectrophotometer for better experimentation, internet facilities and computer for project's, statistical and bioinformatics studies.

As per their needs we provided them new microscopes, spectrophotometers and computers.

**Number of student in MSc I = 07.**

**Number of student in MSc II =10.**

Mentor's Report (2023-2024)

Class- B.Sc. III (Sem- V)

Name of the Mentor (Teacher): Dr. N.A. Sonune

Designation: - Assistant Professor

Number of mentees allotted - 20

**Mentor's Report**

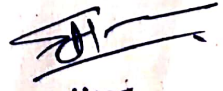

The Mentor Mentee Cell of the college has allotted me 20 mentees of B.Sc III in the academic year 2023-2024. As per the policy of the Cell the mentees were guided during the interactions throughout the academic year.

Some students were contacted telephonically and some were interacted on campus throughout the year and guided for their academic progress. The meetings with the students were carried out in the academic year and discussed the overall development and academic progress. They were also guided in groups during their free time after the teaching schedule. They were given some sample question papers and ready-made notes to make them feel comfortable in facing the theory examination.

This system really has proven very helpful to understand the actual difficulties of the students. They were informed about many of the facilities and support services available in the college.

During my interactions with the mentees allotted to me, through telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out. The issues were as follows-

| Sr. No. | Issues Raised                                                                            | Issues Resolved                                                                                                                                              |
|---------|------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1)      | Provision of additional notes, study material and copies of previous examination papers. | The students were provided additional notes, study material and copies of previous examination papers.                                                       |
| 2)      | Presentation Skills.                                                                     | Students were provided with guidance in terms of effective presentation skills. They were also given opportunity to present various topics before the class. |

**SESSION - FIRST**

A meeting of mentee students from B. Sc. II (MCZ) was conducted on 11.09.23. They were apprised of the objectives of the scheme and were encouraged to take benefit of the scheme by being forthright. Some of the students opened up about their problems and shared their fears and predicaments. Major issues discussed were lack of motivation and pressure of expectations. A healthy discussion was held by sharing my own experiences as a student and the remedies to overcome these common problems. Registration forms were distributed to the students.

**MENTOR-MENTEE REPORT – 2023-24**

**SESSION - FIRST**

In all 22 students were allotted to me for mentoring. All were introduced with the scheme. I conducted various programmes in association with the mentoring system to enhance the all-round development of our students. Some of the common problems found like **Unrealistic expectations, Work-life balance, Goal alignment, External pressure** etc. were discussed and the possible solutions were given to overcome the problems.

**The Objectives achieved through the mentoring system:**

- Improving the interpersonal skills of the students, develop critical thinking and problem-solving skills
- To enhance knowledge and awareness regarding Environmental issues.
- To make the students more professionally competent by enhancing their strengths and helping to overcome their weaknesses.
- To build healthy relationships between students and teachers.
- To develop and maintain a broader perspective on career options and opportunities.

**SESSION - SECOND**

Second mentoring session was conducted for 20 students on 14.02.2024. The sessions focused on supporting the students to improve their learning skills by focusing on different subjects and to improve leadership skills, motivating them towards their future career development. Personal matters were also considered and ways to improve their mind set was suggested. The sessions were also followed up to ensure the success of the program. Students who found difficulties in studies were enrolled to remedial classes. Students with various skill sets were encouraged to join specific groups.

| No | Issue raised            | Strategy                                                                                                                                                               |
|----|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | Career opportunities    | Arranged session on career opportunities in zoology.                                                                                                                   |
| 2  | Need orientation        | Help them plan what are their goals and what they hope to take away from the program.                                                                                  |
| 3  | Personal issues         | foster confidence                                                                                                                                                      |
| 4  | Need of Microscopes     | New microscopes have been purchased in 23-24.                                                                                                                          |
| 5  | Transportation facility | This issue was discussed with the NSS officer and a healthy communication was done with the state transport department to increase the frequency of the buses on time. |

Action Taken Report on Mentor Mentee Scheme for B. Sc. Part I Sem I (MCB Group)

Academic Session 2023-24 (ODD SEM)

Date: 16.09.2023

**Actions Taken:**

**1. Introduction to the Mentor Mentee Scheme:**

- Distributed informational materials regarding the Mentor Mentee Scheme to all participants.
- Created a dedicated section on the college website to provide ongoing information and resources about the scheme.
- Scheduled follow-up sessions to ensure understanding and address any further questions or concerns.

**2. Responsibilities and Expectations of Mentors and Mentees:**

- Developed a detailed mentorship handbook (Daily Diary) outlining the roles and responsibilities of mentors and mentees.
- Conducted discussion sessions for mentors to equip them with effective mentoring strategies and communication skills.
- Facilitated mentor-mentee matching process based on shared interests and goals.

**3. Discussion on Academic and Personal Development Goals:**

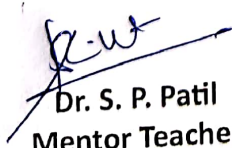

- Established a structured framework for setting academic and personal development goals, incorporating feedback from participants.
- Implemented regular progress review meetings between mentors and mentees to track goal achievement and provide necessary support.
- Organized discussion sessions focusing on goal-setting techniques and personal growth strategies.

**4. Clarifications and Questions:**

- Compiled a comprehensive FAQ document addressing common queries and concerns raised during the meeting.
- Established a dedicated communication channel (e.g., Whats App Group) for participants to submit further questions and receive timely responses.

**Next Steps:**

- Monitor the implementation of the actions taken and evaluate their effectiveness in achieving the objectives of the Mentor Mentee Scheme.
- Solicit feedback from participants through surveys or focus group discussions to identify areas for improvement and refinement.

**Action Taken Report on Mentor Mentee Scheme for B. Sc. Part I Sem I (MCB Group)**

Academic Session 2023-24 (EVEN SEM)

Date: 07.03.2024

**Actions Taken:**

**1. Teaching-Learning Related Issues:**

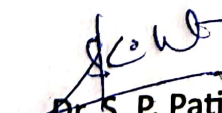

- Established a dedicated feedback mechanism for students to voice their concerns and suggestions regarding teaching-learning experiences.
- Implemented regular faculty training sessions focusing on innovative teaching methods, student engagement strategies, and addressing diverse learning needs.
- Instituted peer mentoring programs to promote collaborative learning and peer-to-peer support among students.

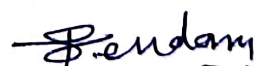

**2. Family Related Issues, Especially Economic Problems Faced by Students:**

- Discussed with college Social Responsibility Cell and community resources to provide financial assistance, scholarships, and other support services to students facing economic hardships.
- Conducted needs assessments to identify students requiring additional support and tailored interventions accordingly.
- Implemented initiatives to raise awareness about available financial aid options, budgeting skills, and financial literacy among students and their families.

**Next Steps:**

- Monitor the implementation of actions taken and assess their effectiveness in addressing the identified issues and achieving the goals of the Mentor Mentee Scheme.
- Conduct regular evaluations and feedback sessions to gather input from participants and stakeholders for continuous improvement and refinement.
