Subject : Request to Visit Sericulture Plant at Dattapur, Dhamangaon Rly
Date of Visit : Friday, 03.11.2023

Sir,

Adarsha Science, J.B. Arts, and Birla Commerce Mahavidyalaya, Providing a graduation course in the subjects of Microbiology, Chemistry, Zoology, and Botany for the last 45 years. As a part of the curriculum, we are willing to visit the Sericulture Plant at Dattapur Dhamangaon Rly, District Amravati with the object of giving an insight into the work and research being conducted.

In this regard, we would like to request you to kindly allow us to visit and provide an instructor who will explain to our undergraduate students the operations, process, and facilities of the Sericulture Plant at Dattapur, Dhamangaon Rly, District Amravati. We hope that students will be able to gain a better understanding of research done in the fields of life sciences, chemical sciences, and allied technology.

The group of approximately 68 students along with 06 teachers will visit on 03 November 2023 from 11.00 am to 04.00 pm. We hope that this request will merit your favorite response.

Thank you very much...!

Subject: Request for permission to visit APICULTURE DEPARTMENT

Sir,

Adarsha Mahavidyalaya is an educational institute providing a graduation course in the subject Microbiology. Chemistry, Zoology and Botany since last 40 years. As a part of curriculum, we are willing to visit **APICULTURE DEPARTMENT** with an object of giving the graduation students an insight of the work & basics of Apiculture.

In connection with this, we would like to request your office to allow us to organize a visit and have a briefing regarding the operations, processes and facilities of centre. We would like the students to be able to gain better understanding of the basic research in the fields of Apiculture.

If permitted, the group of approximately 120 students along with staff would like to visit your institute on January 27, 2024 from 11.00 a.m.

Thank you very much

Report On

“Educational Tour”

Title: Educational Nagpur Tour dated On 17th February 2024

Objective: It is a great and effective way to learn specific subjects beyond textbooks and lectures. Study tours can be a great way to learn new things about different cultures and be aware of certain differences between them, as well as similarities. It makes students see certain issues in a new perspective and some study tours even allow students to immerse themselves in a different community even if it's just a short period of time. In return, they are exposed to cultures of different socio-economic statuses which help them build compassion and better understanding for these cultures. To a certain extent, we can say that study tours allow people to gain a new perspective on things simply because they've been there; they have experienced it and somehow built a connection to that culture or place.

Main Content: Educational tours form a valuable part of curriculum point of view for students. Making Educational tours a necessary part of students' academics is an effective idea to motivate them to learn more and acknowledge national institute, industry.

The basic reason for educating students is to let them know more and dig deep into many concepts and explore them. This cannot be fulfilled only with the help of books and classroom learning. To explore deeply, students require more and more awareness and knowledge on the subjects they are reading. Such a knowledge transformation can happen only with the help of Educational Tours.

For this purpose department of Physics planned the educational tour for B. Sc. final year students under the guidance of Principal Dr. Y. B Gandole. & HOD. Girish mende, ass, proff. Sweta sharma, ass, proff. Shilpa Vidhale

RAMAN SCIENCE CENTRE

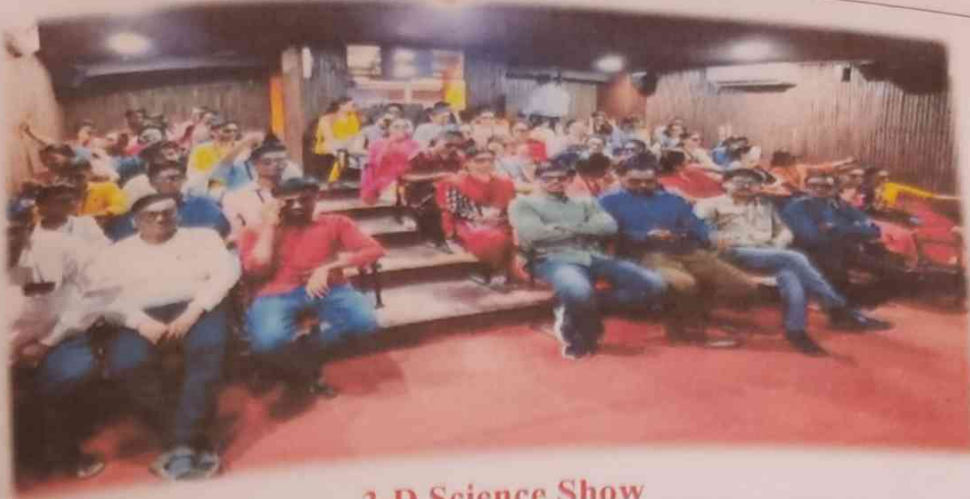

A large Science Park, sprawling over 6 acres of lush green beautiful landscape provided the student with an opportunity to relax in bright surroundings, away from the hustle & bustle of the city life and allowed the students to play with an array of outdoor exhibits on physical science. Pet animal cages, aviaries and Medicinal Plant Garden also enrich the environment.

Students Visited Science Park-Fun-Science Center

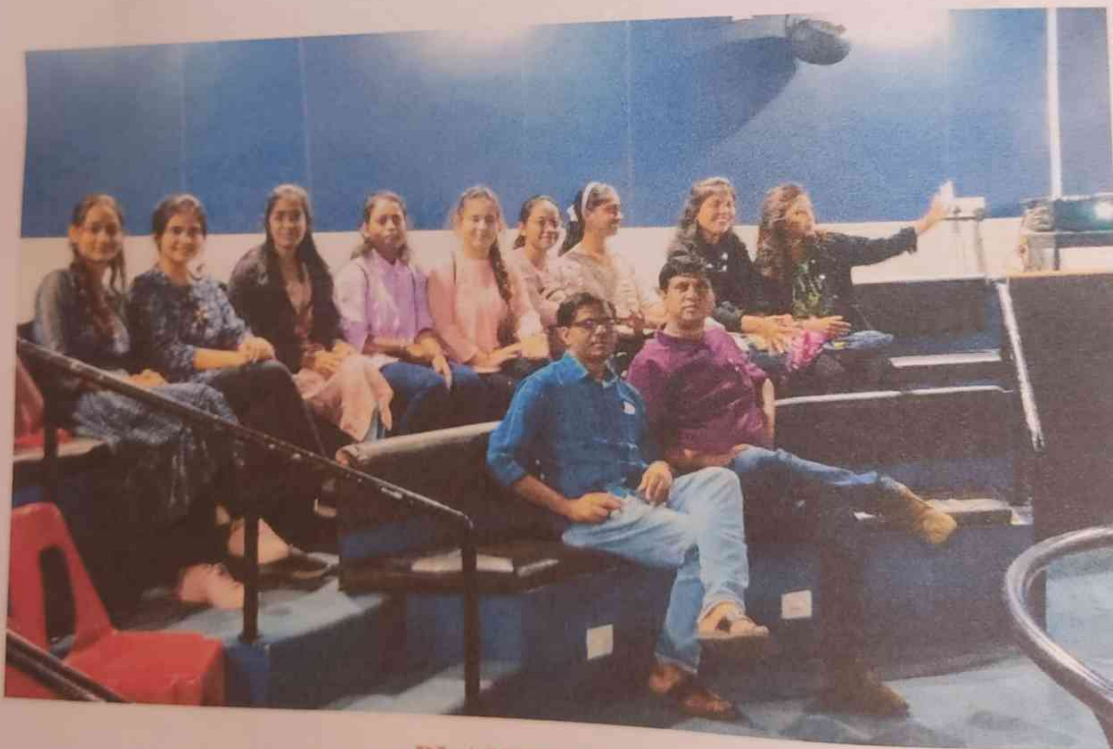

This exhibition provided student to hands on experience for exploring the scientific principles. Some of the attractive exhibits were Floor piano, Virtual Book, Visible effect of Invisible, Coriolis Force, Is It a Drop or Flow of water, Plasma Globe, Giant Soap Bubble, Spiral Musical Tubes, Reading in Dot Matrix Way, Mirror Maze, Dropping coins, Diamond is forever, Positive shadow, See Your Back, Resonance etc,

3-D Science Show

With this unique facility students enjoyed viewing of 3-D films using a stereo projection system and specially aligned polarized spectacles. The fang of snake coiling out from the hat of the magician on the screen will almost tickle your nose or a fleet of rats leaping from the screen onto your lap will make you jump off the chair.

PLANETARIUM

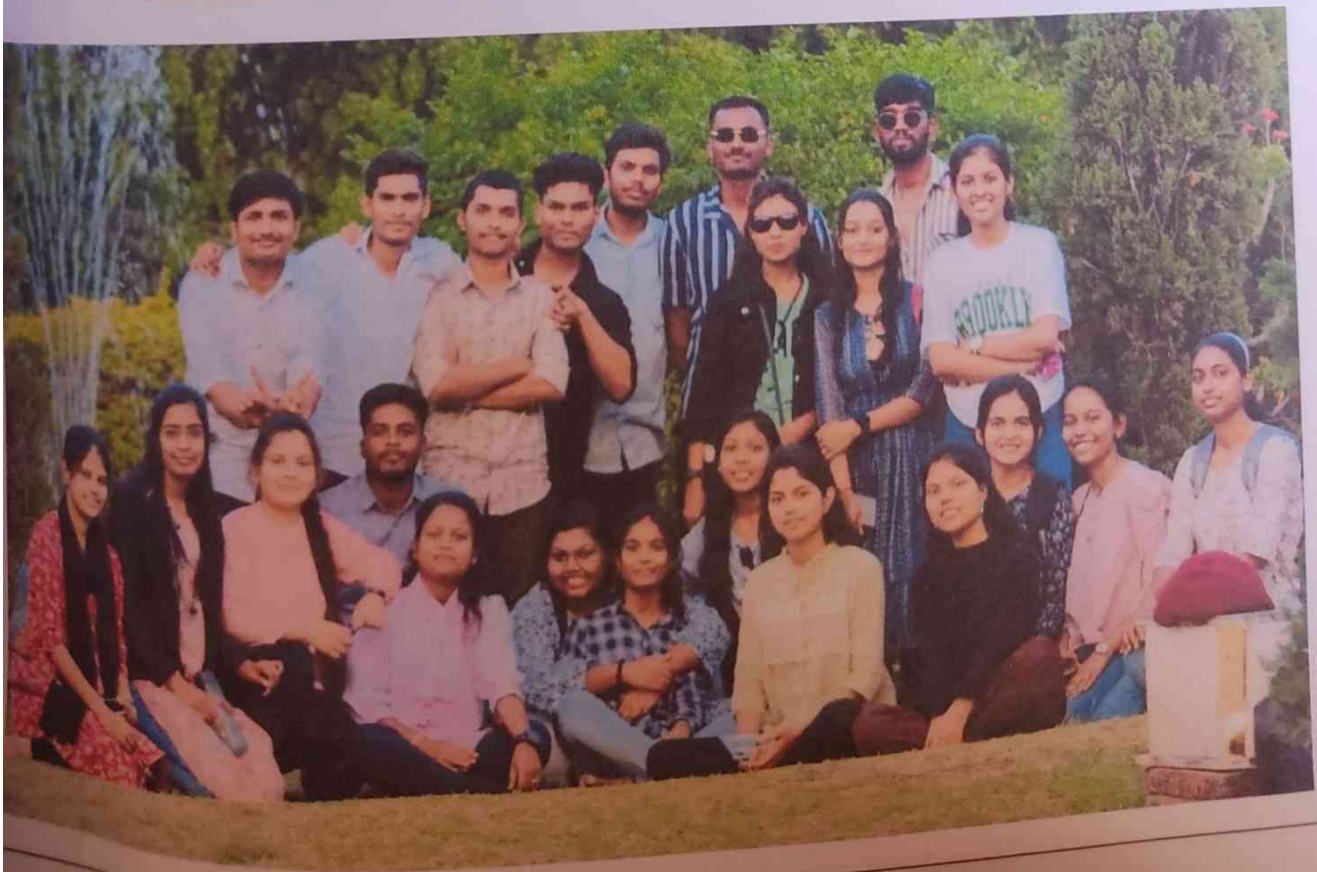

The Science of astronomy emerged as a result of intense study of sky by mankind. With the progress of civilization newer and better than ever instruments were developed for astronomical observations which intensified star gazing and widened human knowledge on celestial bodies.

VISIT TO SOME TOURIST PLACES NEAR NAGPUR.....

DRAGON PALACE

The Dragon Palace Temple, also known as the Lotus Temple of Nagpur, is a Buddhist place of worship located in Kamptee, Nagpur. The temple was established in 1999 with funds from the Japan-based Ogawa Society, a charitable trust. The temple complex surrounded by the Dragon Palace has a carved sandalwood statue associated with the Buddha, and the building is a pilgrimage site for practitioners of the faith.

A deep sense of peace and tranquility pervades the entire campus. One can feel the high energy vibrations of the powerful mantra nangu-myo-ho-rengo-kyo while being part of the meditation.

Outcomes:

Inside the classroom, a student gets to know about new things, new ideas, and new concepts, while outside the classroom, a student explores and experiences. Also, to develop effective learning, personal development, enhances perspective. To knowledge about Raman science center

Subject: Request for the permission of educational tour for the students of B. Sc. Physics to Raman Science Center, Nagpur on 17/02/2024.

Applicant: Department of Physics and Department of Mathematics

Respected Sir,

The department of Physics and department of Mathematics are interested in arranging the one day educational tour for the students of B. Sc. Physics to Raman Science Center, Nagpur on 17/02/2024. The primary purpose of this educational tour is to complement and supplement the curriculum and expose our students to practical experiences beyond the confines of a classroom. This educational trip will help the students for better understanding of the concepts of Physics and Mathematics.

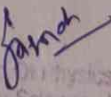

In order to ensure the safety and security of our students, we have made appropriate arrangements for transportation, food etc. We also adhere to all necessary safety guidelines and ensure that this trip is a valuable and enriching experience for our students.

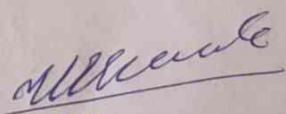

I would be grateful if you kindly consider our request and grant us permission for this educational tour.

Thanking you.

Subject: Seeking Permission to Visit your esteemed Laboratory.

Respected Sir,

The Adarsha Science, J. B. Arts and Birla Commerce Mahavidyalaya, Dhamangaon Rly, supporting the cause of value based education, offering education ranging from Under graduate program to Doctoral Degrees, Seeks permission for their M.Sc. Electronics students to Visit Laboratory and also wish to attend expert talk on 'Fabrication of Nanoscale Semiconductor Devices' by Prof. Ashok Mahajan on 15th April 2024.

As part of the curriculum of M.Sc. student, Laboratory visit is mandatory, so as to provide with them the real insight of working procedure of instruments and to fulfil the curriculum demand, we request you the Laboratory visit. Kindly accord permission to Visit your esteemed Laboratory for a team of 17 (3 Faculty + 17 Students) on 15th April 2024.

Your co-ordination in this regard will not only help the cause of education but will also strengthen the youth of the nation.

Thanking you.

INSTITUTIONAL VISIT AT BRIJLAL BIYANI SCIENCE COLLEGE, AMRAVATI.

After this visit student has attended expert talk on 'Fabrication of Nanoscale Semiconductor Devices in class 10000 clean room' by Prof. Ashok Mahajan. Prof. Ashok Mahajan was Former Senior Professor and Director, School of Physical Sciences, KBCNM University, Jalgaon. In his talk, he explained the fabrication process of Nanoscale semiconductor devices in his laboratory. He also shared his experience from Universities among different countries. He encouraged students for the active participation in the different training program and hands on practices of fabrication laboratories for better job placement. All the students actively participated in this session and ask different queries regarding the Semiconductor chip fabrication process.

REPORT**STUDY TOUR AT SAMRUDDHI MAHAMARG SIGNAL PROCESSING AND SENSOR STATION DHAMANGAON RLY**

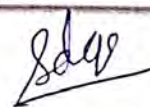

Department has organized study tour of B.Sc. II, B.Sc. III and M.Sc. II students at Samruddhi Mahamarg signal processing and sensor station at Dhamangaon Rly on 22nd February 2024. In this visit, Mr. Vaibhav Kumare and Mr. Manish Kumar have explained the working principle of Toll gate barricade automation system. Mr. Manish Kumare has explained the detailed working principle of metal detector, motion sensor, AVC profiler and different cameras. Mr. Manish Kumar demonstrated the actual operation of toll gate and barricade operation with the help of dummy load. After this he also explained computer system console to the students.

In the tunnel section, Mr. Roshan Mohature has explained the computer and network system. He has explained the working principle of control unit, I/O interfacing unit, batteries, central processing unit and relay unit. He has also explained the complete server system and their role in synchronization of all toll booths. After this He has explained the control unit section, in this students were demonstrated by their dedicated software computerized bug identification operated by control unit.

All students were very curious and interested during this visit and learned all the working principle of instruments and also asked queries to the experts. Principal Dr. Y. B. Gandole along with faculty members Dr. S. A. Rodge, Mr. S. K. Shelke, Mr. H. E. Salve, Mr. V. G. Gabhane, Ms. K. P. Lamkase and Mr. G. B. Kumare remained present of this visit.
