7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

1. Environmental Awareness:

The college is well aware of the role of higher education in environmentally sustainable development. Being practicing it, college students every year collects Nirmalya produced during Ganesh and Durga and other festivals in Dhamangaon taluka and transported to compost unit in campus, process it and the manure produced is utilized for the campus beautification in terms of plantation resulting into green campus. In view of government tree plantation campaign, college practise tree plantation drives every year in campus as well as nearby places to overcome a worldwide problem of global warming.

Promoting active student-involvement in wildlife conservation. Creating a pool of volunteers in schools. Wildlife Week is celebrated to spread awareness about the importance of wildlife through lectures/poster presentations. Strengthening these with activities that ensure better engagement of local community can improve success of government conservation efforts. Students of Zoology Department invite students from Junior-college, humanities, and nearby schools to exhibition of faunal specimen. It has evident its success as Increased student participation in wildlife week and PG admissions to M.Sc. Zoology. Inception of "Wildlife at Your Doorstep" during pandemic.

The college has setup a rain water harvesting unit to improve ground water level in campus as water scarcity is a major problem during summer in Dhamangaon railway. Well water recharge system is also installed in college to prevent well from being deficient.

Seed balls is an easy, convenient and sustainable way of increasing plantation as it has larger success rate as compared to regular plantation. College every year practise seeds ball activity to increase the forest cover of the Dhamangaon.

NSS volunteers have registered their names for Green Army to support local environment and heritage conservation. Through this army various environmental activities are carried out in campus, Dhamangaon and at dattak gram during camp.

Eco brick is a safe way to end non-re-cyclable plastic. Through this activities, students and staff members are encouraged to deposit plastic bottles filled with snacks wrappers, plastics etc. in the NSS unit and it is utilized for construction purpose around the plants. This activity resulted into an activity called eradication of single use plastic.

1) Nirmalya Nirmulan Activity Report

Nirmalya Nirmulan Activity has been conducted during 10.09.2021 to 19.09.2021 in the Dhamangaon Tahsil region by the NSS department of the college. During this activity the decomposable material from all Ganesh Mandal has been collected by the NSS volunteers and brought to the college. Inside the college premises, special dedicated compost pits have been constructed and all the collected Nirmalya has been dumped and allowed to decomposed. This decomposed material has been used as a compost for all plants and botanical garden of the Adarsha Mahavidyalaya. During the collection of the decomposable material like flowers and leaves, about 80 kg of material has been collected by NSS volunteers. Environment protection and conservation followed by sustainable gardening was the main moto behind the conduction of such eco-friendly activity.

2) Tree Plantation:

2017-18:

As per the instructions given by the government of Maharashtra as well as from Director of NSS SGBAU, Amravati, Department of NSS has organized a special tree plantation drive in the college campus on 1st July 2017. The intention behind organization of this activity is to create pollution free eco-friendly premises of the college and contribute to minimize pollution from the environment. There are 130 plants has been planted during this drive by the NSS volunteers, college staff and other college students. Arrangement of these plants has been done by making request to Dr Babasaheb Ambedkar Nursery, Parsodi Road, Dhamangaon Rly.

Special instructions given to the participants to look after these plants and regularly water them whenever is needed. There are 18 teachers and 94 students participated in the tree plantation drive.

Tree Plantation 2019-20:

On dated 01.07.2019, Tree Plantation & Conservation Campaign has been organized in the campus. Initially, pits were dug and plants were obtained from the Dr. Babasaheb Ambedkar government nursery, Persodi road, Dhamangaon rly for plantation work. Various species of trees like Ficus, Pimpal, Karanj, Neem, Saptaparni, Eucalyptus, Kanchan, Sitaphal were planted in the college premises. For the protectection of the planted trees, special tree guards have been made from bamboo material which are then covered by green net. Famous Heart specialist of Dhamangaon region, Dr. Sandeep Dhawane along with his friends and alumni students of the institution have participated in the event and involved personally in the tree plantation activity. NSS volunteers, NCC cadets and other students of the college along with teaching and non-teaching staff of the college also participated actively in this campaign. At the end everyone that was involved on this campaign has made a pledge to plant at least 1000 trees and their protection.

Tree Plantation 2020 -21

On 1.07.2020, 200 trees were planted, and tree conservation was done at various places in the college premises and other places around Dhamangaon rly. On this special occasion of tree plantation, the students planted trees of different species like Wad, Pimpal, Karanj, Neem, Saptaparni, Eucalyptus, Kanchan, Sitaphal etc. Eco friendly tree guards has been made for the protection of newly planted trees. Despite of tough times of corona pandemic most of the student volunteers participated in the campaign from their home itself and sent photographs of planted trees on college Whats app group. Some interested volunteers and college staff members willingly participated in the college. Principal of the college, Dr. Y. B Gandole participated with full dedication and planted trees in the college Botanical Garden and college premises.

3) Wildlife conservation:

Wildlife week 2021 was celebrated by the department of Zoology through a function on 4 October 2008 by an activity "wildlife at your doorstep" in which the students visited the schools at their hometown and they aware the school going students about wildlife and forests. The focus of this year's programme was on changing attitudes of children towards wildlife, specifically weaning them away from: Using catapults and wanton killing of birds; Disturbing nests and removing eggs and fledglings from nests; Killing of reptiles, particularly snakes Keeping wild birds and animals as pets. The schools that participated in the programme were Z. P. Primary School Borwaghal and Dr. Babasaheb Ambedkar School, Dhamangaon Railway. This attempt was to alter the attitudes of children in favour of wildlife and change specific behaviour that harms wildlife. All the activities during the wildlife week function were designed with this in view and were a culmination of conservation awareness activities that have been undertaken with the selected schools since 2019.

On 5th October 2021, the inaugural function of wildlife week and Zoological society was organized. The programme was presided over by Respected principal Dr. Y. B. Gandole, Dr. Anand Naranje, IQAC Co-ordinator, Dr. S. O. Qureshi, Professor and Head, Department of Zoology and Shri. Yadav Tarte Patil, Member, State Board for Wildlife, Government of Maharashtra. The Zoological Society was inaugurated at the hands of Chief Guest Shri. Yadav Tarte Patil and the office bearers were decleared as President: Ku. Gayatri Bante, Vice President: Ku. Isha Unone, Treasurer: Ku. Sakshi Nikam. On the occasion the chief guest guided the students on wildlife and its importance.

On 6th October a task of tree plantation and selfie during installation of artificial bird nest or artificial bird feeder was given in which students participated in huge number. On the same day an online seminar competition on conservation of wildlife was organized in which first prize was grabbed by miss Mrunmayee Kulkarni from Brijlal Biyani Science College, Amravati.

On the 7th October valedictory function was organized in the presence of Professor Dr. Praveen Joshi, Department of Zoology, Amolakchand Mahavidyalaya, Yavatmal. He delivered a guest lecture and guided the students on how birds are ecological indicators. It was followed by prize and certificate distribution.

4) Rain water Harvesting:

The college has setup a rain water harvesting unit to improve ground water level in campus as water scarcity is a major problem during summer in Dhamangaon railway. Well water recharge system is also installed in college to prevent well from being deficient.

5) Seed Ball Activity

Seed ball activity has been conducted in concern with environment protection and conservation. This seed ball activity has been conducted during 30.05.2022 to 05.06.2022. Most the student form NSS and other department has participated along with some teachers and senior NSS volunteers. During this activity, seed of endemic plants with are wild as well as has some medicinal properties has been intentionally selected and their seeds has been collected during summer season. During preparation of the seed balls, cow dung, vermicompost and compost soil has been prepared in the form of balls and some 4 to 5 seeds has been inserted in it. During onset of the rainy season, all these seed balls as been spread in the barren field by the students which eventually get germinated and converted into the wild plants. About 38 students and 5 teachers has participated in this event and this event has been organized by the NSS department since 4 consecutive years. There about approximately 14 wild plant seeds have been selected for seed ball preparation.

Report

The National Service Scheme team at Adarsh Mahavidyalaya, run by Dhamangaon Education Society, volunteered for the Plastic Eradication Campaign and volunteered through a number of small and large initiatives. As per the guidelines, it was thought that the place where the students reside would be cleaned first, proper disposal of plastic waste and proper use of the accumulated plastic would be done. As a result, or response, plastic eradication campaigns were successfully carried out in about 8 villages. In which 55 volunteers contributed. The photos were taken by google location while carrying out the activities in different areas for. Eco bricks were made by filling the collected plastic in bottles. And it is being used to beautify the college campus and work is underway on it.

Seed Ball Campaign

The Green Army and NSS team, formed last year, produced and distributed environmentally friendly seed balls at home during the summer months of May and June. 2000 seed balls of different types of tree seeds were prepared and distributed in schools and various government departments. With the message of saving the environment, it was worthwhile to establish the Green Army of the college. The government also mentioned about the activities of this college on TWITTER. Not only the environment but also the students were seen working as bird / animal friends.

Evidences of Success

2. Social Responsibility:

In view of social responsibility, institute is always accountable for fulfilling its civic duty. College has designed its vision and mission to benefit its environment. Institutional Social Responsibility plays a critical role in enhancing educational development and facilitating the community's quality of life owing to their education, research, and social actions.

On 12th of January every year college organizes Blood Donation Camp in collaboration with Dr. Punjabrao Deshmukh Memorial Hospital, Amravati and Datta Meghe Institute of medical sciences, Wardha to inculcate social responsibility value in students. The needy are benefited through this donation.

The horrendous flooding was caused by the continuous heavy rain in Bhamaragadh, Dist. Gadchiroli in 2018. College step a foot ahead for donation of clothing and food items to flood affected people at Bhamaragadh, Dist. Gadchiroli.

Under mission youth health, a mass program on covid-19 vaccination was organized in the college.

The students should know what, how and when the disaster strikes and for that a workshop on disaster management was organized in the college to train the stakeholders of the college so that they can be helping hands at the time of disaster.

To promote healthier campus, college has implemented policies prohibiting the use of tobacco and nicotine containing products at all indoor and outdoor college locations. More to add it and prevent college youth from being habitual to tobacco and other similar things, college has taken an active participation in Fit India Movement, in which an oath was taken by the students about fitness and it was followed by different fitness exercises. In view of the same Suryanamaskar program was organized for students.

According to the Election Commission of India that no voter should be left behind, voter awareness program was organized in the college under the guidance of local governmental authorities not only to let students know about their voting right, voting procedure but also to enrol their names as voters.

College have started with the initiative to transform the lives of elderly through the donation of food, grocery and daily uses items at old age home on regular basis.

HIV/AIDS has become one of the most devastating diseases, humanity has ever faced and has become a major public health concern. Peer **education** proves to be the most effective way of changing attitudes and practices related to risk taking behaviour among educated youth. In order to aware the college youth about this devastating disease, NSS unit of college organizes AIDS awareness program which involves an expert lecture, rangoli and poster competition. In purview of it, regular health check-up camps are organized.

Mazi Vasundhara is an initiative to empower the college youth with knowledge about the impact of climate change and environmental issues. As a part if it trees plantation drive is organized in and out of the college regularly.

Out of the public health concern, NSS volunteers practise cleanliness drives in Dhamangaon railway.

The college faculty members are always ready to help economically backward students in terms of admission and examination fees.
